

INLINE® 8-IN-1 USB-C MULTIHUB DOCKINGSTATION, HDMI, DISPLAYPORT, USB 3.2, PD 3.0 100W, MST

Expand the connectivity of your mobile devices with this compact and high-quality hub from InLine. The 8-in-1 multihub (docking station) provides all the necessary interfaces for a workstation environment via a USB-C port with two video outputs - HDMI (1) & DisplayPort (2), one USB-C Power Delivery port for charging (3) as well as ports for SD (4) & microSD cards (5), 2x USB-A (6 & 7) and 1x RJ45 Ethernet (8). The hub is the ideal addition for mobile devices with few interfaces such as tablets, ultrabooks or smartphones. The ultrabook becomes a full-fledged workstation with two screens, series can be watched on the TV instead of on the tablet in 8k and holiday pictures from the SLR camera are available in no time for the next social media post on the mobile phone.

- Input: USB-C male plug with 15 cm cable
- Video ports: 1x HDMI A port, 1x DisplayPort port
- Video resolutions: HDMI 2.1: 8K 7680x4320p@30Hz in single display, 4K 3840x2160p@60Hz in dual display mode / DisplayPort 1.4: 8K 7680x4320p@30Hz in single display, 4K 3840x2160p@60Hz in dual display mode (requires DisplayPort 1.4 with DSC on USB-C port from computer, 3840x2160p@60Hz can be displayed via both ports simultaneously)
- Card reader: 1x SD 3.0 slot, 1x MicroSD 3.0 slot, each up to 104 MB/s data transfer speed

- USB-C port: PD3.0 100W compatible (max. 85W to host) (charging only, no data transfer)
- Network: 1x RJ45 Gigabit port, 1000 Mb/s
- Slim grey aluminium housing

Technical Data	
Brand:	InLine®
Colour:	Grey
Device type:	Multi-Hub
Ethernet:	Yes
Height article:	1.5 cm
Interface:	USB-C
Length article:	13 cm
Manufacturer No.:	33278B
Ports:	2x USB-A, 1x USB-C (PD)
Transmission rate:	5 Gb/s
Type:	USB-C Multiport Dock
Type of packaging:	InLine® Header with Euro perforation
USB specification:	USB 3.2 Gen.1
Video output:	1x DisplayPort (max. 7680x4320 @ 30Hz), 1x HDMI (max. 7680x4320 @ 30Hz)
Width article:	45 cm

EAN: 4043718308651
ART.-NR.: 33278B
